PROFILE

Passionate Full Stack Web Developer with hands-on experience building responsive, scalable, and production-ready web applications. Skilled in Next.js 15 App Router, MongoDB, JWT Authentication, Razorpay Payment Gateway, and Nodemailer. Currently pursuing BCA (2025–2028) and actively seeking opportunities to contribute in real-world projects.

PROJECTS

Humanity Foundation - NGO Donation Platform

Next.js 15 | MongoDB | Razorpay | JWT | Cloudinary | Nodemailer

- Built full-stack NGO donation platform with secure Razorpay payment gateway
- Implemented Google OAuth + JWT authentication with middleware-based route protection
- Developed admin dashboard with real-time stats — ₹22.8K+ raised, 9+ donors, 25+ transactions
- Integrated Nodemailer for automatic email receipts after every donation
- Added Export CSV, Date filters, Campaign management, Subscriber management

Link: GitHub

Full Stack Developer Portfolio

Next.js 15 | MongoDB | Cloudinary | Framer Motion

- Built production-ready portfolio with secure Admin Panel for project management
- Implemented media upload with Cloudinary and dynamic project detail pages
- Added donation system integration and production-level error handling
- Fully responsive modern UI with smooth animations using Framer Motion

Link: Live Demo

URL Shortener with QR Code Generator

Node.js | Express.js | MongoDB | EJS

- Built custom URL shortener with unique short link generation
- Engineered interactive QR Code generator for each shortened URL
- Dashboard view with click count analytics per link

Weather App

HTML | CSS | JavaScript | OpenWeather API

- Integrated OpenWeather API for real-time weather data
- Displays temperature, humidity, wind speed dynamically
- Clean responsive UI with city search functionality

KEY ACHIEVEMENTS

>> Deployed 2 production applications with real users and live transactions
>> Successfully integrated Razorpay payment gateway - Rs.22.8K+ processed
>> Implemented secure JWT auth system with middleware route protection
>> Built fully responsive applications optimized for mobile & desktop
